

# Faith Not Fear

Written by Jesse Taitt, Holden Waide, Phillip Yoo, and Logan Murphy

---

## Verse 1

We are here to seek Your face  
To know You God, To know You God  
We have come to this place  
To meet with You, to meet with You

## Chorus

You're always close, You're always near  
We enter by faith and not by fear  
You brought us into Your heart  
The veil has been torn, it's been torn apart

## Verse 2

We were made to see Your face  
To worship You, To worship You  
You fill our hearts with songs of praise  
We worship You, We worship You

## Bridge

We enter by the blood of Your son Jesus  
Ours sins washed white we know now how You see us  
No lie, no fear, no shame will ever keep us  
From living in Your presence, You have freed us
